New Orleans, La., March 2.—Secretary Hester's monthly New Orleans cotton exchange crop statement issued to-day shows the largest February movement in the history of the trade, as the total number of bales brought the total number of bales brought into sight during the month reached 74,029 bales, against 618,851 bales in February, 1891, and 450,887 bales in February, 1890. The total amount of the cotton crop in sight for the first six months of the season, September to February, inclusive is 7,915,954 bales, against 7,460,283 bales this date last season. Compared with the January movement February shows a falling off of 13,810 bales while last year the decrease in February compared with January was 347,979 bales, and year before last was 316,102 bales. The and year before last was 316,102 bales. The movement September 1 to February 29, inclusive, is the total receipts at all United States ports, 6,069,578 bales, against 5,814,840 bales last year and 5,365,852 bales the year before.

Northern spinners took during February

417,586 bales, against 149,846 bales last year, increasing the total for the six months to 1,753,556 bales, against 1,619,319 bales last year. This makes the average weekly takings for the season 66,635 bales against 62,635 bales last year and 63,499 bales year bales.

before.

Foreign exports during February in-creased 55,000 bales compared with that month last year, and 224,350 bales over the same time year before last.
Stocks at the seaboard and twenty-nine

leading Southern interior markets at the close of January were 1,671,514 bales, against 1,148,835 bales same date last year. Cotton Cloth Trade.

New York, March 2.—The stock market

New York, March 2.—The stock market

nain to-day, and selling by professionals
maintained a beavy tone throughout most
of the day in the general list, through in
the afternoon there was a better support
noticeable in active shares, and buying was
of a better character in late dealings, and
haterially affected the tone at the close.
The general list opened at insignificant
charges from last night's figures, remained
dull and drooping during the greater portion
of the day, but railied in the last hour,
when the forenoon losses were generally
overed. The market finally closed active
and firm to strong, with active stocks at
the best prices of the day, but with general
list at or mear opening figures.

Trading in railroad bonds fair.
Government and state bonds dull and
steady.

DO NOT BE DECEIVED. Persons with weak lungs—those who are constantly catching cold—should work and Allecons Ponous Plasten ever the shest and monter between the shoulder olaries during cold washer. Remember, flay, always strengthen and never caken the part to which for an applied. Do not be necessary by imagining an other allege like anen—shes are not may look it, but looks desired insist niways on having Ametors's, the only reliable plaster ever modered.

April 6 4026 41

CHICAGO, R.L., March 2 - Whest was fairly chicaco, it., america — wheat was rairly active today, but the market was somewhat unsettled, shough prices ruled higher than yesterday with several fluctuations. Cables reported the English markets somewhat higher, and the domestic markets all seemed to be doing better at the ourset. The weather ligher, and the domestic markets all seemed to be doing letter at the ousset. The weather, too, we's regarded as anything but favorable for growing crops owing to freezing and thawing, and a good many cop chamage, dispatches were received an unusual number from Michigan. The government weather trup report was also a bullish feature. It pointed out that the past month had been a trying one on the wheat plant. On the whole the position was looked upon as rather builtish, and the market was hrow with an upwant tendency. Corn started strong on small receips, later the demand fell off and outrings increased, prices declining somewhat but firmed up again with wheat towards the close.
